

Date of Issue: 4/8/19

Date of Revision: 7/1/2022

Revision 2

1. Identification**ON THE ROCKS LIGHTWEIGHT CONDITIONER CEI 528-32****Use of the substance/preparation:** Cosmetics**Supplier name:** Drybar Products LLC/Helen of Troy**Supplier address and phone:**

One Helen of Troy Plaza, El Paso, Texas 79912 800.487.7273

prouso@helenoftroy.com

Emergency Contact: VelocityEHS (Chemtel) Domestic: 800.255.3924**2. Hazard(s) identification****Classification of the substance or mixture:** Classification according to GHS**Classification according to directives 67/548/EEC or 1999/45/EC:** Classification according to 67/548/EEC or 1999/45/EC**Signal word:**

WARNING: Harmful if swallowed

Hazard Statement(s),**H317:** May cause an allergic skin reaction**H319:** Causes serious eye irritation**Symbols**

N/A

Safety Data Sheet (SDS) for Cosmetic Product

Precautionary statements:

P201: Obtain special instructions before use.
P202: Do not handle until all safety precautions have been read and understood.
P264: Wash skin thoroughly after handling.
P272: Contaminated work clothing should not be allowed out of the workplace.
P280: Wear protective gloves/protective clothing/eye protection/face protection.

Any hazards not otherwise classified that have been identified during the classification process: Not applicable

Other hazards: Not Applicable

3. Chemical characterization

Mixture

Description: Cosmetic preparation.

Dangerous components: Not Applicable

4. First aid measures**Description of first aid measures**

After inhalation: Remove to fresh air environment. If irritation continues, contact a physician

After skin contact: Remove contaminated clothing. Wash affected area with copious amounts of water for at least 15 minutes. If irritation continues, contact a physician.

After eye contact: Flush eyes with copious amounts of water for at least 15 minutes. If irritation continues, contact a physician.

After swallowing: Do not induce vomiting. Give copious amounts of water to dilute. If irritation continues, contact a physician.

Most important symptoms/effects, acute and delayed: Contact a physician.

Indication of immediate medical attention and special treatment needed, if necessary: Contact a physician.

5. Fire-fighting measures

Suitable extinguishing media: Foam, carbon dioxide or dry chemical.

Special hazards arising from the substance or mixture: Do not use a solid water stream, as it may scatter and spread fire. Cool closed containers exposed to fire with water spray. Do not allow run-off from fire fighting to enter drains or water courses. Exposure to decomposition products may be hazard to health.

Special protective equipment and precautions for the fire-fighters: Wear self contained breathing apparatus for fire fighting, if necessary.

6. Accidental release measures

Safety Data Sheet (SDS) for Cosmetic Product

Personal precautions, protective equipment, and emergency procedures: Eyes: In general, the use of safety glasses is recommended. If the material is to be handled in a manner where splashing may occur, the use of splash goggles or face shield is recommended.

Respiratory: In well ventilated areas, respiratory protection is not normally required. In confined, poorly ventilated areas the use of NIOSH-approved respiratory protection may be required.

Equipment and Apparel: The use of chemical resistant gloves is recommended. Acceptable industrial hygienic practices should be maintained.

Ventilation: Provide adequate ventilation. Use local exhaust fan, if necessary.

Methods and material for containment and cleaning up: Contain spilled material. Avoid open flames or other sources of ignition. Avoid inhalation of vapors. In confined poorly ventilated areas use of NIOSH-approved respiratory protection may be required. Cover with inert non-combustible absorbent material and remove to an approved disposal container. Dispose of in accordance with local, state and federal regulations.

7. Handling and storage

Precautions for safe handling: It is recommended that this material be stored in a cool, well ventilated area.

Conditions for safe storage, including any incompatibilities: Avoid strong oxidizing agents.

Requirements to be met by storerooms and containers: Keep container tightly closed in a dry and well ventilated place.

Information about storage in one common storage facility: Keep container tightly closed.

Further information about storage conditions: Containers which are opened must be carefully resealed and kept upright to prevent leakage. Provide adequate precautions, such as electrical grounding and bonding, or inert atmospheres.

8. Exposure controls/personal protection

Additional information about design of technical systems:

Exposure limits: N/A

Personal protective equipment: Eyes: In general, the use of safety glasses is recommended. If the material is to be handled in a manner where splashing may occur, the use of splash goggles or face shield is recommended.

Respiratory: In well ventilated areas, respiratory protection is not normally required. In confined, poorly ventilated areas the use of NIOSH-approved respiratory protection may be required.

Equipment and Apparel: The use of chemical resistant gloves is recommended. Acceptable industrial hygienic practices should be maintained.

9. Physical and chemical properties

Safety Data Sheet (SDS) for Cosmetic Product

Appearance: Thick, opaque cream with pearl
Odor: Fragranced
pH: 5.0 – 5.5
Specific Gravity @ 25°C: 0.95 – 0.99
Melting point/freezing point: N/A
Boiling point: N/A
Flash point: N/A
Evaporation rate: N/A
Flammability: N/A
Upper/lower flammability or explosive limits: N/A
Vapor pressure: N/A
Vapor density: N/A
Relative density: N/A
Solubility: Miscible with water
Partition coefficient n-octanol/water: N/A
Auto-ignition temperature: N/A
Decomposition temperature: N/A
Viscosity: N/A
Percent Fragrance: 1.15%
Percent WT./WT. VOC: N/A
Volatile Constituent: No Alcohol
% Volatile Constituent: N/A

10. Stability and reactivity

Reactivity: Presents no significant reactivity hazard. Normally stable even at elevated temperatures and pressures. Neither pyrophoric nor reactive with water. Does not undergo explosive decomposition, is shock stable, and is not an oxygen donor. Does not form explosive mixtures with other organic materials. Will not undergo hazardous exothermic polymerization.

Chemical Stability: N/A

Possibility of hazardous reactions: Avoid strong oxidizing agents.

Conditions to avoid: Avoid strong oxidizing agents.

Incompatible materials: N/A

Hazardous decomposition of products: N/A

11. Toxicological information

Acute toxicity: Not determined.

Primary irritant effects;

on the skin: Might cause slight rash or irritation upon long term exposure.

on the eye: Might cause irritation.

Sensitization: Not determined.

Additional toxicological information: Not determined.

12. Ecological information

Safety Data Sheet (SDS) for Cosmetic Product

Ecotoxicity (aquatic and terrestrial, where available): Not determined
Persistence and degradability: Not determined.
Bioaccumulative potential: Not determined.
Mobility in soil: Not determined.
Other adverse effects: Not determined.

13. Disposal considerations

Waste treatment methods, recommendation: Dispose of in accordance with local and/or federal regulations.
Un cleaned packaging, recommendation: Disposal according to official regulations

14. Transport information

UN number: Not applicable
UN proper shipping name: See product description.
Transport hazard class(es): Not applicable
Packing group, if applicable: Not applicable
Environmental hazard: Not determined.
Transport in bulk according to Annex II of MARPOL 73/78 and the IBC code: Not determined
Special precautions for user: Not applicable

15. Regulatory information

Safety, health and environmental regulations specific for the product in question
Chemical safety assessment: Not determined.

16. Other information, including date of preparation or last revision

This information is based on our present knowledge. However, they shall not guarantee for any specific product features and shall not establish a legally valid contractual relationship.

Date of preparation of this SDS: April 8, 2019
